# THE TREASURE AFTER THE STORM!

## THE STORY SO FAR...

After Liko teamed up with the Rising Volt Tacklers to save Sprigatito, she decided to stick around and continue travelling with her new friends!

**Liko has woken up to a strange wailing sound on The Brave Olivine.** She follows it and discovers Fuecoco singing! When it sees her, it gets embarrassed and runs away.

**In the captain's cockpit, Friede explains that the airship is landing on an island in the Kanto Region to do some repairs.** "There's a local here who's helped me before," he says.

**He heads out onto the flight deck.**  
"C'mon, Charizard! We're heading out!" he says. **But as they fly away, Fuecoco chases them. It wants to help!**

As Fuecoco reaches the edge of the platform, it trips over and slips off the side of the airship into the sea!

**At lunchtime Liko is feeding all the airship's Pokémon.** "Wait a minute – where'd Fuecoco go?" she says. She heads off to search around the ship, but can't see anything.

**Liko asks Mollie for advice.** "Did you check the top deck? When Charizard's gone, it waits there the whole time for it to come back," Mollie says.

**Liko can't see Fuecoco out on deck either.** Suddenly, Sprigatito signals to some marks leading to the edge of the platform. **"Fuecoco's fallen off!" Liko realises in horror.**

**They rush down to the beach and find prints in the sand leading into the forest.** "We have to go look for it!" Liko says to Sprigatito.

In the forest, Fuecoco is feeling tired and hungry when it catches a sweet scent. **The smell leads it to an enormous berry stash, which Fuecoco immediately starts snacking on.**

Fuecoco eats every last berry, then continues on its adventure until it discovers a secret hideout hidden in the trees.

**Elsewhere, a student named Roy is also in the woods with his Rotom Phone.** He's using it to watch a school lesson while on the move.

**All of his classmates are talking about the Pokémon they've caught.** "So, all you guys are already Pokémon Trainers. That's so cool! I hope I get to be one soon, too!" he says.

**After class he heads to his den to hang out only to find that it's been ransacked.** But before he can get too mad, a strange Pokémon call catches his attention.

**Roy follows the sound outside and finds Fuecoco singing by itself.** "Hey, you've got a great singing voice!" he says. Fuecoco leaps up in surprise and runs away.

"It's okay! You don't have to be scared of me. Please stop running!" Roy shouts. **He follows Fuecoco until he sees the Brave Olivine parked up.** "What is that?" he gasps.

## ...IS WITH OTHER POKÉMON

You're super smart and always try your best at everything you do. You're also extremely good at puzzles and solving problems.

## ...IS BLACK AND WHITE

You often seem shy to others, but you prefer to work in a team than alone. You also have a very kind heart.

## ...IS SMALL ON THE PAGE

You have lots of talent, but you don't always realise how good you are at things. You should believe in yourself more because you're awesome!

## ...TAKES UP MOST OF THE SPACE

Nothing really scares you and you love exploring places. You're always the first to volunteer to go on an adventure or try something new.

## ...HAS WORDS WITH IT

You're chatty and like sharing whatever's on your mind. You're not afraid to be the centre of attention.

## ...IS BATTLING

Like the Pikachu you drew, you have a competitive side and love to win. Others know not to mess with you in battle!

# FANTASTIC FORMS

Different regions can make Pokémon react in strange ways. **CHECK OUT THE CHANGES IN DIGLETT AND DUGTRIO.**

## DIGLETT

**REGION: KANTO TYPE: GROUND**

Diglett has very thin skin. If it spends too much time in the light, it gets weak. That's why it spends most of its time underground where it feeds on plant roots.

## ALOLAN DIGLETT

**REGION: ALOLA TYPE: GROUND-STEEL**

Alolan Diglett has developed metallic whiskers on its head. It's also gained the Steel-type, making it weaker against Fire-type attacks.

## DUGTRIO

**REGION: KANTO TYPE: GROUND**

Dugtrio's three heads make it an expert digger. They bob up and down together to loosen the soil, making it easier for it to burrow and surprise strike its opponents.

## ALOLAN DUGTRIO

**REGION: ALOLA TYPE: GROUND-STEEL**

The metal whiskers on its head are heavy but tough. That means it moves slowly, but it can dig through even the hardest bedrock!

The Legendary Pokémons **GEROPON** appears as a rainbow of Tera Pokémons across four different Energy types in *Scarlet & Violet - Twilight Masquerade*. Since the cards all have different names, you can include up to four copies of each in your deck.

Try pairing the single-Prize **TEAL MASK OGERPON** card with its Pokémons ex counterpart in an energising **type** deck, or your coverage with even more types. The important **OGRE'S MASK** Item card lets you effectively hot-swap your various Ogerpon ex cards.

Prepare your Pokémons for battle with the Pokémons TCG: *Scarlet & Violet* expansion!

# PLAYS

The Legendary Pokémon **Ogerpon** is full of epic Trading Card Game strategies, perfect for taking on all kinds of types!

After your opponent retaliates, you could bring in **HEARTHFLAME MASK OGERPON EX** to blast away with Wrathful Hearth or call on **CORNERSTONE MASK OGERPON EX** to wall off attacks. With the right strategy, this dynamic deck can slip through an opponent's strategy and hit hard no matter which Pokémon they have in play!

You could start the game off with **TEAL MASK OGERPON EX**, whose Ability lets you accelerate Basic Energy and draw a card, and then quickly change face into **WELLSPRING MASK OGERPON EX** to Sob and trap your opponent's Pokémon in the Active Spot.

**Roy continues following Fuecoco. After spending more time together, he asks Fuecoco to sing again.** At first, it's too shy, but soon singing away happily. Roy loves it!

**Meanwhile, dozens of Pokémons are chasing Liko through the woods. They think she's the one who ate all their berries!** "Really, are they gonna chase us forever?" she says.

**She runs right by Roy, who spots the trouble and thinks fast.** First, he throws a rock to distract the angry Pokémons away from Liko, then he helps her up into his tree.

**When the Pokémons stampede charge in the wrong direction, they escape to the beach and introduce themselves.** "Thank you for saving my life," Liko says.

**Roy shows Liko a strange item in his bag.** "They say it's called an Ancient Poké Ball. Grampa and I could never get it to open, so he thinks it's empty inside," he says.

**Luckily, Friede and Captain Pikachu arrive after a local villager saw the trouble and raised the alarm. "Liko! How'd you end up out here?" he says.**

**Sprigatito and Fuecoco try to fight them off, but there's too many of them. The Pokémon tie them up in a web and drag them back to where the berry stash once was.**

**Before Liko can take a closer look, the horde of angry Pokémon from the woods surround them! "Aw, how'd they find us? This is pretty bad!" Roy says.**

**The forest Pokémon use String Shot to tie up Friede and Cap, but they're too fast. They dodge each attack and cause the Pokémon tie each other up instead!**

"That's good... only the finishing touches, now..." Friede says, giving each Pokémon a berry to calm them down. Luckily it works a treat!

"Okay, Liko. We have to be heading back now," Friede says. **But before they go, Liko insists they find more berries to restock the Pokémon's supply.**

**Once they've finished, Liko and Fuecoco head back to the airship with Friede.** "Bye, hope to see you again soon!" she calls. **Roy waves her off, but he feels sad when they leave.**

**After meeting Fuecoco and Liko, Roy's dreams of adventure burn brighter than ever.** But will he see his new friends again? Find out next time!

# Puzzle Pokédex

Find the Pokémon in each puzzle,  
then tick them off on this page!

**BULBASAUR**

TYPE Grass-Poison  
HEIGHT 0.7m WEIGHT 6.9kg

For some time after its birth, it uses the nutrients that are packed into the seed on its back in order to grow.

**CHARMANDER**

TYPE Fire  
HEIGHT 0.6m WEIGHT 8.5kg

The flame on its tail shows the strength of its life-force. If Charmander is weak, the flame also burns weakly.

**CHARMELEON**

TYPE Fire  
HEIGHT 1.1m WEIGHT 19.0kg

It is very hotheaded by nature, so it constantly seeks opponents to battle against. Its aggression will not be quelled if it doesn't win.

**HIPPODON**

TYPE Ground  
HEIGHT 2.0m WEIGHT 300.0kg

It is surprisingly quick to anger. It holds its mouth agape as a display of its strength.

**FUECOCO**

TYPE Fire  
HEIGHT 0.4m WEIGHT 9.8kg

It lies on warm rocks and uses the heat absorbed by its square-shaped scales to create fire energy.

**SCYTHER**

TYPE Bug-Flying  
HEIGHT 1.5m WEIGHT 56.0kg

The sharp scythes on its forearms become increasingly sharp by cutting through hard objects.

**ZANGOOSE**

TYPE Normal  
HEIGHT 1.3m WEIGHT 40.3kg

It's Seviper's archrival. To threaten those it encounters, it fans out the claws on its front paws.

**GIBLE**

TYPE Dragon-Ground  
HEIGHT 0.7m WEIGHT 20.5kg

It skulks in caves, and when prey or an enemy passes by, it leaps out and chomps them. The force of its attack sometimes chips its teeth.

**AZURILL**

TYPE Normal-Fairy  
HEIGHT 0.2m WEIGHT 2.0kg

Its tail bounces like a rubber ball. It flings that tail around to fight opponents bigger than itself.

**VOLTORB**

TYPE Electric  
HEIGHT 0.5m WEIGHT 10.4kg

It rolls to move. If the ground is uneven, a sudden jolt from hitting a bump can cause it to explode.

**CACNEA**

TYPE Grass  
HEIGHT 0.4m WEIGHT 51.3kg

It lives in arid locations. Its yellow flowers bloom once a year.

**SLUGMA**

TYPE Fire  
HEIGHT 0.7m WEIGHT 35.0kg

Its lava body can cool and chip away at times, but a magma bath will heal it right up.

**DUSKULL**

TYPE Ghost  
HEIGHT 0.8m WEIGHT 15.0kg

In the dead of night, these Pokémon wander through towns in search of children, whose vital energy is a Duskull's favourite food.

**GREAVARD**

TYPE Ghost  
HEIGHT 0.6m WEIGHT 35.0kg

This friendly Pokémon doesn't like being alone. Pay it even the slightest bit of attention, and it will follow you forever.

**TOXEL**

TYPE Electric-Poison  
HEIGHT 0.4m WEIGHT 11.0kg

It has no problem drinking dirty water. An organ inside Toxel's body filters such water into a poisonous liquid that is harmless to Toxel.

**ILLUMISE**

TYPE Bug  
HEIGHT 0.6m WEIGHT 17.7kg

Illumise uses its sweet scent to guide Volbeat, having them form over 200 patterns in the night sky.
